---

Our desire is to maintain a safe and positive teaching environment for our kids, along with keeping good relations with our rented facilities. Please keep in mind the following when at either facility.

**Hotel common areas (entrance, exit, hallways, etc.):** Please supervise your children at all times. Do not let children shout or run anywhere in the hotel, as there may be classes in progress or hotel guests present and hotel staff working.

**Pool:** All children should be seated away from pool until the teacher indicates they are ready for the next class. Once the child's lesson is over, they are expected to leave the pool. Parents, siblings, family members, friends, etc. are not permitted to use the pool at any time. Please no food or glass in pool room.

Also, please try to keep some seating available for hotel guest if they come to visit the pool.

**Restrooms/Locker rooms:** Restrooms and all changing areas are available to all students and visitors. As a courtesy to other customers, hotel guests and staff, please pick up after yourself.

**Fitness center:** The fitness center is for use by hotel guests only. Please do not allow children to play or run in this area.

**Towels:** Towels at the hotels are for hotel guests only. Please bring towels from home. We understand the occasional "Oops, I knew I forgot something!"

**Whirlpool/Spa:** Use of the whirlpool/spa/hot tub is not permitted by swim school students or their families/friends.
